

## COURSE DESCRIPTION

This intensive and hands-on course gives you the skills to ensure your projects are completed on time and on budget while giving your client the product they expect. The course uses exercises, templates, and industry-specific case studies. It covers the nine knowledge areas defined in the Project Management Institute's (PMI) Project Management Framework.

Human Resources Management  
Communications Management  
Procurement Management  
Risk Management  
Scope Management

Integration Management  
Cost Management  
Time Management  
Quality Management
