The *Graduate Record Examinations*® (GRE®) revised General Test and Subject Tests are taken by individuals applying to graduate programs in natural sciences, engineering, social sciences, business, humanities and arts, education, and other fields.

For more than 60 years, GRE scores have been used by admissions and fellowship panels at thousands of graduate and business school programs around the world to supplement an applicant's undergraduate grades and other qualifications for graduate study.

This *Bulletin* provides information about GRE tests, policies and procedures for testing, and information about GRE services and publications.

The Graduate Record Examinations (GRE) Program is administered by Educational Testing Service under policies determined by the GRE Board, an independent board affiliated with the Association of Graduate Schools (AGS) and the Council of Graduate Schools (CGS). The GRE Board and Educational Testing Service are dedicated to the principle of equal opportunity, and their programs, services and employment policies are guided by that principle. If state legislation that affects the GRE tests is enacted and becomes effective during the 2013-14 testing year, testing may be curtailed in the states in which the new laws would apply. GRE scores are not the property of the examinee even though the use, reporting and cancellation of scores are subject to various rights and restrictions as indicated in this *Bulletin*. The policies and procedures explained in this *Bulletin* are effective only for the 2013-14 testing year (July 1, 2013, through June 30, 2014) and supersede previous policies and procedures. The fees, terms and conditions contained in this *Bulletin* are subject to change. Visit [www.ets.org/gre](http://www.ets.org/gre) for the most up-to-date information. # About the GRE® Tests

## GRE® revised General Test

The GRE revised General Test reflects the kind of thinking you will do in graduate or business school and demonstrates that you are ready for graduate-level work. Featuring a test-taker friendly design, the test also includes the *ScoreSelect*<sup>SM</sup> option, which lets you decide which scores to send to your designated schools and helps you approach test day with more confidence.

In most regions of the world, the computer-based GRE revised General Test is available on a continuous basis throughout the year. In Mainland China, Hong Kong, Taiwan and Korea, the computer-based test is available one to three times per month. In areas of the world where the computer-based test is not available, the test is administered in a paper-based format up to three times a year in October, November and February.

The GRE revised General Test measures verbal reasoning, quantitative reasoning, critical thinking and analytical writing skills—skills that have been developed over a long period of time and are not related to a specific field of study, but are important for all. The test closely aligns with the types of skills that are required for success in today's demanding graduate and business school programs.

The test is composed of Analytical Writing (AW), Verbal Reasoning (V) and Quantitative Reasoning (Q) sections. Testing time is listed below.

### Computer-based revised General Test

AW: one section with two separately timed tasks:

Analyze an Issue—30 minutes

Analyze an Argument—30 minutes

V: two 30-minute sections—20 questions per section

Q: two 35-minute sections—20 questions per section

In addition, an unidentified unscored section may be included and may appear in any order after the Analytical Writing section. It is not counted as part of your score. An identified research section that is not scored may be included in place of the unidentified, unscored section. The research section will always appear at the end of the test.

### Paper-based revised General Test

AW: two sections—one writing task per section:

Analyze an Issue—30 minutes

Analyze an Argument—30 minutes

V: two 35-minute sections—25 questions per section

Q: two 40-minute sections—25 questions per section

## GRE® Subject Tests\*

The GRE Subject Tests can help you stand out from other applicants by emphasizing your knowledge and skill level in a specific area. If you are majoring in one of the subjects that follow, you might want to take a Subject Test in addition to the GRE revised General Test. Subject Tests may not be required by schools, but they are a great way to distinguish yourself and show you are serious about your studies and your future. The Subject Tests now also include the *ScoreSelect*<sup>SM</sup> option, which lets you decide which scores to send to your designated schools and helps you approach test day with more confidence.

\*The Computer Science Test was discontinued after the April 2013 administration. Scores from the Computer Science Test will continue to be reportable for five years following the testing year in which you tested (July 1–June 30).

The Subject Tests are paper-based tests in seven subject areas. Subject Tests measure achievement in specific subject areas and assume undergraduate majors or extensive background in those disciplines. Testing time is 2 hours and 50 minutes.

Brief descriptions of the Subject Tests follow:

### B22—Biochemistry, Cell and Molecular Biology

The test consists of approximately 170 questions and is intended for students who are interested in graduate programs in biochemistry, cell biology and molecular biology, along with related programs such as microbiology and genetics. The questions are distributed among three subscore areas: Biochemistry (36%), Cell Biology (28%) and Molecular Biology and Genetics (36%).

### B24—Biology

The test consists of approximately 194 questions that are distributed among three subscore areas: Cellular and Molecular Biology, Organismal Biology and Ecology and Evolution.

### C27—Chemistry

The test consists of approximately 130 questions designed to cover much of the content of the chemistry courses completed by students before the middle of the senior collegiate year. The questions are classified approximately as follows: analytical chemistry (15%), inorganic chemistry (25%), organic chemistry (30%) and physical chemistry (30%).

### L64—Literature In English

The test consists of approximately 230 questions on literature in English from the British Isles, the United States and other countries. It also contains a few questions on major works, including the Bible, in translation. Factual questions test a student's knowledge of writers typically studied in college courses. Interpretive questions test a student's ability to read passages of poetry, drama, fiction and nonfiction prose perceptively; such questions may address meaning, use of language, form and structure, literary techniques and various aspects of style. The questions are classified as follows: literary analysis (40–55%), identification (15–20%), cultural and historical contexts (20–25%), history and theory of literary criticism (10–15%). In addition, the literary-historical scope of the test is as follows: continental, classical and comparative literature through 1925 (5–10%); British literature to 1660, including Milton (25–30%); British literature 1660–1925 (25–35%); American literature through 1925 (15–25%); American, British and World literatures after 1925 (20–30%).

### M68—Mathematics

The test consists of approximately 66 questions and is intended to measure both the knowledge of the content of undergraduate mathematics courses for mathematics majors and the mathematical abilities traditionally expected of those who intend to seek a graduate degree in mathematics. In addition to the usual sequence of elementary calculus courses, the examinee should have had mathematics-major courses in abstract algebra, linear algebra and real analysis that require students to demonstrate the ability to prove theorems and create counterexamples. The questions are classified approximately as follows: calculus (50%), algebra (25%) and other

## About the GRE® Tests (continued)

---

topics (25%). The other topics may include: discrete mathematics and algorithmic processes, differential equations, topology and modern geometry, complex analysis, probability and statistics, logic and foundations and numerical analysis.

### P77—Physics

The test consists of approximately 100 questions, most of which relate to the first three years of undergraduate physics. Topics include classical mechanics (20%), electromagnetism (18%), atomic physics (10%), optics and wave phenomena (9%), quantum mechanics (12%), thermodynamics and statistical mechanics (10%), special relativity (6%) and laboratory methods (6%). The remaining 9% of the test covers advanced topics such as nuclear and particle physics, condensed matter physics and astrophysics.

### P81—Psychology

The test consists of approximately 205 questions drawn from courses most commonly offered at the undergraduate level. Most of the questions are distributed between two subscore areas: Experimental Psychology (40%), including learning, language, memory, thinking, sensation and perception and physiological/behavioral neuroscience; and Social Psychology (43%), including clinical and abnormal, lifespan development, personality and social. The remaining 17% of the questions test other topics, predominately measurement and methodology, and also history, industrial/organizational and educational psychology. The test's total score includes the questions in all three categories.

# Test Registration

## Creating a My GRE Account

[www.ets.org/mygre](http://www.ets.org/mygre)

You will need to create a My GRE Account to do the following:

- Register for a GRE test
- Sign up for the free *GRE*® Search Service
- View scores
- View, change or cancel your registration
- Order Additional Score Reports
- View and print paper-based test admission tickets

**Note:** If you already have an account for the *TOEFL*® or *The Praxis Series*™ programs, you can enter that user name and password as a returning user for your GRE account.

### To Create an Account

- You can create an account at any time. The name you use when you register must exactly match (excluding accents and spaces) the name on the identification (ID) documents that you will present on the day of the test. If it does not, you may be prohibited from taking the test or your test scores may be canceled after you take the test.
- Be sure to provide your entire first (given) name (excluding accents and spaces). Do not register under a nickname and do not register with only an initial as your first name.
- You must supply your entire last (family/surname) name. If you have a two-part last name, be sure to supply your complete last name as it appears on the ID documents (excluding accents and spaces) that you will present on the day of the test. For example, a last name of Fernandez de Córdova would be entered as FernandezdeCordova.

### First Time Use of Your My GRE Account

To view scores online, request Additional Score Reports or view/print paper-based admission tickets for the first time after creating your My GRE Account, you will need to provide the following additional information.

1. computer-based test appointment or registration number or paper-based test registration number or web registration confirmation number
2. corresponding test date
3. email address, undergraduate institution code number OR paper-based test center code number

Once you provide this information and are correctly matched in the system, you will not have to provide it again. You will be able to sign back in with just your user name and password.

# Additional Services

## GRE® Search Service

The FREE GRE Search Service matches you with participating graduate and business schools and fellowship sponsors. If you match the recruitment profile of a participating institution/organization, you may be sent information about their programs, admission requirements, financial aid opportunities, fellowships and other graduate education opportunities. It is a great way to broaden your search and learn about graduate and business school programs you might not have otherwise considered.

You will be given the option to sign up for the Search Service when you register for a GRE test. If you would like to participate in the service before you take a GRE test, you may sign up for the Search Service at any time at [www.ets.org/mygre](http://www.ets.org/mygre). See “Creating a My GRE Account” on page 9.

When you participate in the Search Service, your background information, contact information and broad score ranges into which your test scores fall will be added to the Search Service database so that participating institutions can find you. Information provided to participating schools does not include individual GRE test scores. To learn more about the service, visit [www.ets.org/gre/stusearch](http://www.ets.org/gre/stusearch).

## ETS® Personal Potential Index (ETS® PPI)

When used with GRE scores, ETS® PPI can help you stand out by giving graduate and business schools an even more complete picture of your potential for success. ETS PPI collects reliable qualitative and quantitative feedback, from evaluators you select, on six key personal attributes that graduate deans and faculty have identified as critical for success in graduate and business school—including resilience, communication skills and teamwork.

It takes most evaluators less than 15 minutes to provide their feedback! Then once your evaluations are complete, you can select which ones to include in a customized ETS PPI Evaluation Report that is then sent to institutions you select. It is a great opportunity to show prospective programs more of what you can offer and can help graduate and business schools know you are up to the challenge.

If you register for the GRE revised General Test, you can send up to four **FREE** ETS PPI Evaluation Reports to the graduate or business school of your choice—that’s a US\$80 value! Additional reports can be sent for US\$20 each. And, you can include evaluations in the ETS PPI Evaluation Reports for up to five years from the date they were completed. To learn more, visit [www.ets.org/ppi](http://www.ets.org/ppi).

## Fee Reduction Program

At ETS we believe that the cost of taking a GRE test should not be a barrier to graduate study. ETS provides the Fee Reduction Program for individuals who demonstrate financial need, for individuals who are unemployed, and for national programs that work with underrepresented groups.

### For Those with Financial Need

ETS offers a limited number of GRE Fee Reduction Certificates on a first-come, first-served basis that are available for college seniors and unenrolled college graduates who meet eligibility requirements. A Fee Reduction Certificate may be used for one GRE revised General Test and/or one GRE Subject Test.

Individuals meeting the eligibility requirements will be required to pay 50 percent of the full test fee. To be eligible, you must be a United States citizen or resident alien who is a college senior or an unenrolled college graduate.

College seniors must be:

- receiving financial aid through an undergraduate college in the United States, American Samoa, Guam, U.S. Virgin Islands or Puerto Rico, **and**
- a dependent, who has an Institutional Student Information Report (ISIR) that shows a parental contribution of not more than \$1,500 for the senior year, **or**
- self-supporting and have an ISIR that shows a contribution of not more than \$1,900 for the senior year.

Unenrolled college graduates must:

- have applied for financial aid, **and**
- have an ISIR that indicates self-supporting status and a contribution of not more than \$1,900.

To apply for a GRE Fee Reduction Certificate:

- Contact your financial aid office to see if you qualify.
- Once your eligibility is established, the Financial Aid Office will issue you a Fee Reduction Certificate and a copy of your ISIR.
- Follow the instructions on the certificate. Allow up to three weeks for processing and mail delivery.

Letter requests, photocopies and faxes of Fee Reduction Certificates will not be accepted. Fee Reduction Certificates are not retroactive and cannot be replaced if lost or stolen. There are no refunds for unused Fee Reduction Certificates, and no refunds will be provided to examinees who are not admitted to the test for any reason (including unacceptable identification). Fee Reduction Certificates cannot be combined with other offers.

### For Those Who are Unemployed

ETS offers a limited number of GRE Fee Reduction Certificates to individuals who can confirm that they are unemployed and receiving unemployment compensation. Qualified individuals can register to take the computer-based GRE revised General Test for half the cost of the regular test fee.

# On Test Day

## Identification (ID) Requirements

All test takers are responsible for bringing valid and acceptable identification each time they report to a test center. It is your responsibility to ensure that your ID documents are up-to-date and available on the day of the test.

**Note: Your ID requirements depend on your country of citizenship and where you plan to test. Please read the specific section for acceptable primary and supplemental ID documents and allowed exceptions.**

- As outlined in “The Name You Use When Registering” on page 9, you are responsible for ensuring that the name you used to register **exactly** matches (excluding accents and spaces) the name on the ID document(s) you will present at the test center.
- If the test administrator questions the ID you present, you may be required to provide supplemental ID. If positive confirmation cannot be made, you may not be permitted to test or your test score may be withheld.
- All test takers are encouraged to bring at least two forms of acceptable ID each time they report to a test center. Prior admission to a test center based on a given ID document does not assure that that document will be considered acceptable. Test centers are not required to hold your seat if you leave the center to obtain acceptable ID.
- Admission to the test center does not assure that the ID you provided is valid or that your scores will be reported. All reported cases of questionable ID are subject to review and approval by the ETS Office of Testing Integrity. ETS reserves the right to withhold and/or cancel scores in the event that the ID requirements set forth herein are not met.
- You may be required to show your ID and/or to sign a test center log at various points throughout the test administration.
- Your test fees will not be refunded if you are not permitted to test or if your scores are withheld or canceled because of invalid or unacceptable ID.

### ID Document Requirements

With few exceptions, ID documents must meet *all* of the following requirements. Each ID document must:

- be an **original** document; photocopied documents are not acceptable
- be **valid**; expired documents (bearing expiration dates that have passed) are not acceptable
- bear the test taker’s **full name exactly** (excluding accents and spaces) as it was used when registering for the test
- bear a recent **photograph** that clearly matches the test taker
- bear the test taker’s **signature (the name and signature on the ID document must match)**

See “Unacceptable ID Documents” on this page.

### See Exceptions and Requirements on page 18 if:

- you are testing in Mainland China, Hong Kong/Macau, Bangladesh, India, Pakistan, Nigeria, Saudi Arabia or the Philippines
- you are testing outside your country of citizenship
- you are not a U.S. Citizen and you are testing within the U.S.

- you are a Citizen of European Union and Schengen Zone/Gulf Cooperation Council (GCC) Arab Countries
- you have a two-part last name
- you are in the process of renewing your driver’s license
- you are in the military and your Military ID does not contain your signature
- you are unable to meet ID requirements
- you have *any* questions about the acceptability of your ID document(s)

### Primary ID Documents

The following ID documents are acceptable for admission to a test center within your country of citizenship:

- Passport
- Government-issued driver’s license
- State or Province ID card (including those issued by the motor vehicle agencies)
- National ID card
- Military ID card

### Supplemental ID Documents

- You may be required to provide a supplemental ID if the test administrator questions your primary ID document and/or if your primary ID document is otherwise acceptable but does not bear your full name, photograph or signature.
- Supplemental ID documents may *not* be used to resolve name discrepancies. The last name on your primary ID *must* match (excluding accents and spaces) the name you used when you registered for the test.

The following ID documents are generally acceptable as supplemental ID:

- **Government-issued ID card** (including, but not limited to, those listed under Primary ID Documents earlier in this section)
- **Student ID card**
- **Confirmation of identity letter from your educational institution**  
This letter must be typed or printed on the original letterhead of the educational institution you attend(ed) and, in addition to meeting all of the ID Document Requirements listed earlier in this section, must include your date of birth and the date issued. Additionally, a school official’s signature and the school seal must be present and both must overlap your photograph. Such letters are valid for only one year from the date issued.

### Unacceptable ID Documents

The following documents are *not* acceptable as primary or supplemental ID under any circumstances:

- Any document that is photocopied or expired
- Any document that does not bear your last name exactly as it was used when registering for the test
- International driver’s license
- Draft classification card
- International student ID
- Credit/debit card of any kind

## On Test Day (continued)

Unacceptable ID Documents (*continued*)

- Notary-prepared letter or document
- Birth certificate
- Social Security card
- Employee ID card
- Any temporary ID
- Diplomatic, consulate or embassy ID card

## Exceptions and Requirements:

### Testing in Mainland China

- Residents of Mainland China MUST present a valid Second Generation National Resident ID.
- Residents of Taiwan must present their Travel Permit to Mainland China.
- Residents of Hong Kong and Macau must present their Resident Identity Card.
- Citizens from all other countries must present a valid passport.

### Testing in Hong Kong/Macau

- Citizens of Mainland China must present a valid Hong-Kong/Macau Travel Permit or passport.
- Citizens from all other countries must present a valid passport.

### Testing in Bangladesh, India, Pakistan and Nigeria

You MUST present a valid passport with your name, photograph and signature as your primary ID document. There are no exceptions to this policy.

### Testing in Saudi Arabia

- If you are working in Saudi Arabia and are not a citizen, you may use your employer-sponsored Iqama Residence Identification along with a supplemental ID that includes your name, photograph and signature. You must present two forms of identification.

### Testing in the Philippines

- In the Philippines you may present a Social Security System ID Card, issued by the Republic of the Philippines, that includes your name, photograph and signature along with a supplemental ID from the list of acceptable supplemental ID documents.

### Testing Outside Your Country of Citizenship

- You must present a valid passport with your name, photograph and signature as your primary ID document. See “Exceptions” list above.
- If you are not a U.S. citizen and are testing within the U.S., you must present a passport that meets all of the ID document requirements listed earlier in this section.
- If your passport is not written in English-language letters, you must also present as supplemental ID at least one of the documents listed under Supplemental ID Documents earlier in this section. This document must also contain your name, a recent, recognizable photo and be in English.
- Diplomatic and embassy ID cards cannot be used as primary identification in place of a passport.

- The following documents are acceptable for admission if presented along with at least one of the documents listed under Supplemental ID Documents earlier in this section.
  - Permanent Resident Card/Resident Alien Card (Form I-551 or I-151)
  - Temporary Resident Card (Form I-688)
  - Employment Authorization Card (Form I-688A, I-688B or I-766)
  - Mexican Border Crosser Card (This form of ID is only accepted at test centers within 25 miles of the Mexican border.)

### Testing in European Union/Schengen Zone/Gulf Cooperation Council (GCC) Arab Countries

- If you are testing in a European Union, Schengen Zone or Arab States of the Gulf (GCC) country other than the one where you reside, you can use your valid national or European identity card, if you have one. The card must contain your name; a recent, recognizable photograph; your date of birth; and your signature. If this identification does not contain all of these elements, you will be required to present a supplemental ID from the list of acceptable supplemental ID documents.
- If your ID is not written in English-language letters and the test administrator cannot read the language in which it is written, you may not be permitted to take the test.

### Two-Part Last Name

If the ID document you will present on the day of the test contains a two-part last name, your admission ticket must **exactly** match (excluding accents and spaces) your ID. For example, a last name of Fernandez de Córdova would be entered as FernandezdeCordova. See “The Name You Use When Registering” on page 9. You cannot use a supplemental ID to resolve name discrepancies.

### Driver’s License Renewals (United States only)

- If your driver’s license has expired but you present it along with your original Department of Public Safety renewal certificate, these two documents together are acceptable if the names on both documents match exactly. If you are issued a temporary paper license in lieu of a renewal certificate, that is acceptable only if it is accompanied by a supplemental ID.
- If you are in the U.S. military, and the expiration of your driver’s license has been extended or deferred by the issuing state, the license can be used as supplemental ID along with your U.S. Military ID. Depending on the state, the extension or deferral may consist of either a sticker affixed to the license, the designation “military” printed in place of an expiration date or a separate document carried with the license, usually with a notation that the driver’s license is valid until a specific time period after discharge from service.

### Military ID Without Signature

If your Military ID does not contain your signature, you must present a supplemental ID.

### Unable to Meet ID Requirements

If you have been granted political asylum, have refugee status or are otherwise unable to meet the identification requirements, you **must** contact the ETS Office of Testing Integrity (OTI) at least

## On Test Day (continued)

seven days before registering to test. You must receive approval from OTI before you may register. You should also be prepared to submit any requested documents to OTI for review prior to receiving approval. If you do not contact OTI before you register, and as a result you are not permitted to test or your test scores are withheld, your test fees will not be refunded.

## Test Center Procedures and Regulations

By submitting your registration for a GRE revised General Test and/or GRE Subject Test, you are agreeing to abide by all procedures and policies contained in this *Bulletin*, on the GRE website at [www.ets.org/gre](http://www.ets.org/gre) or communicated to you at the test administration for which you have registered.

### General Guidelines

- Dress so that you can adapt to any room temperature.
- Subject-related information written on clothing or the body is prohibited.
- Test centers do not have large waiting areas. Friends or relatives who accompany you to the test center will not be permitted to wait in the test center or be in contact with you while you are taking the test. Except for ETS/Prometric-authorized observers, visitors are not permitted in the testing room while testing is in progress.
- ID verification at the test center may include fingerprinting, thumbprinting, photographing, videotaping or some other form of electronic ID biometric confirmation. If you refuse to participate, you will not be permitted to test and you will forfeit your test fees. This is in addition to the requirement that you must present acceptable and valid identification.
- If an institution that you have designated to receive your scores requests to see your photograph taken at the test center, ETS will send that photo or other information in ETS's files to that institution as necessary to detect or prevent unlawful activity and to protect the integrity of the GRE test.
- Food, drinks, tobacco and firearms are not allowed in the testing room.
- If you have health-related needs that require you to bring equipment, beverages or snacks into the testing room or to take extra or extended breaks, you need to follow the accommodations request procedures described in the *Bulletin Supplement for Test Takers with Disabilities or Health-Related Needs*. See page 7.

- **Do not bring cell phones, smartphones (e.g., BlackBerry® or iPhone® devices), PDAs, digital watches, and other electronic, recording, listening, scanning or photographic devices into the test center.** If you do, you will be dismissed from the test, your test fees will be forfeited and your scores will be canceled even if dismissal is not enforced on the day of the test. Test administrators are not permitted to collect and hold cell phones or other devices. If you are seen using or accessing any of these electronic devices and/or transmitting data, including but not limited to text messaging, email and photographs, your device may be inspected and/or confiscated. You may not access your phone during the test or during breaks to check messages or to check the time.
- Personal items other than identification documents are not allowed in the testing room. You will be required to follow the procedures set by the test center for storage of your personal belongings. You may also be asked to empty your pockets. Storage space is limited, so plan accordingly. You will not have access to your personal items during the test. **Personal items such as hats, scarves, jackets and outerwear that are taken into the test room are subject to inspection by the test administrator. Digital watches are not permitted and must be removed.** Failure to comply may result in dismissal from the test and/or cancellation of scores.
- Neither ETS nor the test centers assume any responsibility whatsoever for personal items or devices that you choose to bring into the test center.
- The test administrator will assign you a seat.
- You are not permitted to go outside the test center building unless it is to use the rest room only during the test administration, including breaks.
- On occasion, weather conditions or other circumstances beyond the test administrator or ETS's control may require a delayed start or the rescheduling of your test appointment. In the event that a technical problem at the test center makes it necessary to cancel your test session, or if it is later determined that your scores could not be reported, you will be offered the opportunity to schedule another test appointment free of charge or receive a full refund of the original test fee. In addition, you may seek reimbursement from ETS for reasonable and documented expenses associated with traveling to the test center, even though technical problems are generally not the fault of ETS. To request reimbursement, contact GRE Services (see page 7) with the following information within 30 days of your original appointment: your name, date of birth, mailing address, daytime telephone number, email address, original test date and registration or CBT appointment number, and a brief description of what occurred at the test center. All reimbursements will be made in U.S. dollars.

**Note: ETS reserves the right to take appropriate action and/or notify appropriate authorities including, but not limited to, law enforcement authorities, if a test taker responds in a threatening or disturbing way to essay questions or communicates with ETS either verbally or in writing in a threatening or disturbing manner.**

## On Test Day (continued)

### For Computer-based Tests Only

The following procedures and regulations apply during the entire test session, which begins at sign-in, ends at sign-out and includes breaks.

- If you requested and received an authorization voucher from ETS, you must take it with you to the test center.
- Report to the test center at least 30 minutes prior to your scheduled testing time. If you arrive late, you may not be admitted and your test fee will be forfeited. Plan to be at the test center up to four and one-half hours.
- Note for individuals testing in Mainland China, Hong Kong, Taiwan and Korea: The test will begin at 10 a.m. local time. Report to the test center no later than 9:30 a.m. on the test date.
- You will be required to write in cursive (not print) and sign a confidentiality statement at the test center. If you do not complete and sign the statement, you cannot test and your test fees will not be refunded.
- ETS reserves the right to ensure the security of test content by using electronic detection scanning devices (e.g., hand-held metal detectors/wands). Failure to comply may result in dismissal from the test and forfeiture of your test fees.
- You may be required to sign the test center log before and after the test session and any time you leave or enter the testing room.
- You may be asked to remove your watch and to store it during the test administration. Digital watches are not permitted.
- The test administrator will provide you with scratch paper that may be replenished after you have used all pages of the scratch paper initially given to you. You may not take your own scratch paper to the test, nor may you remove scratch paper from the testing room at any time or write on anything other than the scratch paper provided (e.g., computer or workstation). Scratch paper is provided to assist test takers in working out problems and for appropriate note taking during timed sections of the test. Scratch paper should NOT be used during breaks or before the test. At the conclusion of the test, you will be required to return all scratch paper to the test administrator. If you are observed using any documents or unauthorized papers other than the designated scratch paper distributed by the test site, they will be confiscated by the test center staff.
- If at any time during the test you have a problem with your computer, or for any reason need the administrator, raise your hand.
- Testing premises are subject to videotaping.
- The GRE revised General Test includes an optional 10-minute break after the third section and one-minute breaks between the remaining sections of the test. These break times cannot be exceeded. You are required to remain in the test center building or in the immediate area. You are not permitted to go outside the test center building unless it is to use the restroom during the test administration, including breaks.
- If you need to leave your seat at any time other than the break, raise your hand; timing of the section will not stop.
- You will have access to an onscreen calculator during the Quantitative Reasoning sections.
- Personal calculators are not permitted in the testing room.
- At the end of the test, you will be given the option to report or cancel your scores. If you choose to report your scores, those scores will become a part of your reportable history and cannot be canceled. Although you have the option to cancel your scores, consider very carefully before doing so because the score reporting choices available with the *ScoreSelect* option allow you to report only the scores that you feel reflect your personal best. Your scores will be reported to GRE score recipients only at your request. If you choose to report your scores, you will be able to view your unofficial Verbal Reasoning and Quantitative Reasoning scores at the test center. Because of the essay scoring process, you will not be able to view your Analytical Writing scores at the time you test.
- Test centers cannot provide printed copies of unofficial score reports.
- On test day at the test center, you will be asked to designate your score recipients and choose the *ScoreSelect* option regarding which scores should be reported (**Most Recent** or **All** scores). If an institution is not listed, ask the test center administrator for the appropriate form to indicate unlisted institutions. Complete the form and turn it in *before* you leave the test center. The form will not be accepted after you leave the test center.
- If you do not select score recipients on the test day, or you would like to send your scores to more than four score recipients, you will need to submit an Additional Score Report request for a fee of US\$25 per score recipient. See page 23 for your score reporting options.

### For Paper-based Tests Only

The following procedures and regulations apply during the entire test session, which begins when you are admitted to the test center, ends when you leave the test center and includes breaks.

- Test administrators will not honor requests for schedule changes.
- Report to the test center at least 30 minutes prior to your scheduled testing time. If you arrive late, you may not be admitted and your test fee will be forfeited. Plan to be at the test center up to four and one-half hours for the revised General Test or three and one-half hours for a Subject Test.
- Take your admission ticket and identification document(s) to the test center.
- Take three or four sharpened No. 2 or HB pencils and a good eraser. Pencils and erasers will not be supplied at the center. Mechanical pencils and pens are not permitted.
- No test taker will be admitted after test materials have been distributed.
- With the exception of your admission ticket, paper of any kind is not permitted in the testing room.
- You must have the test administrator's permission to leave the room during the test. Any time lost cannot be made up. You are required to remain in the test center building or in the immediate area unless it is to use the rest room only during the test administration, including breaks.
- You may wish to pace yourself with your own watch, but the test administrator is the official timekeeper. *Watch alarms are not permitted to track time.* Digital watches are not permitted and must be removed.

## On Test Day (continued)

- You may work only on the test section designated by the test center supervisor and only for the time allowed. You will not be permitted to continue the test or any part of it beyond the established time limit.
- For the revised General Test, you will write your essay responses and enter your answers to test questions in the test book, rather than on a separate answer sheet.
- For the Subject Tests, you will enter your answers to test questions on a separate answer sheet.
- You will be provided with an ETS calculator to use during the Quantitative Reasoning sections on the paper-based revised General Test. You may not use your own personal calculator. Sharing of calculators with other test takers is not permitted.
- At the end of the test you will be required to return your test book to the test administrator. This material is the property of ETS.
- The GRE revised General Test includes a 10-minute break after the second Analytical Writing section. This break time cannot be exceeded. You are required to remain in the test center building or in the immediate area. You are not permitted to go outside the test center building unless it is to use the restroom during the test administration, including breaks.
- At the end of the test, you will be given the option to cancel your scores (see page 22).
- You will be asked to designate your score recipients and choose the *ScoreSelect* option regarding which scores should be reported (**Most Recent** or **All** scores) during registration or on your admission ticket correction stub.
- If you do not select score recipients when registering or on your admission ticket correction stub, or you would like to send your scores to more than four score recipients, you will need to submit an Additional Score Report request for a fee of US\$25 per score recipient. See page 23 for your score reporting options.
- obtaining improper access to the test, a part of the test or information about the test
- having any prohibited device in your possession in the test center. **Cell phones, smartphones (e.g., BlackBerry® or iPhone® devices), PDAs, digital watches and other electronic, recording, listening, scanning and photographic devices are not permitted in the test center.** If you bring them into the test center, you will be dismissed from the test, your test fees will be forfeited and your scores will be canceled even if dismissal is not enforced on the day of the test. Test administrators are not permitted to collect and hold cell phones or any other devices. If you are seen using or accessing any of these devices and/or transmitting data, including but not limited to text messaging, email and photographs, your device may be inspected and/or confiscated. You may not access your phone during the test or during breaks to check messages or to check the time.
- using any aids in connection with the test, including, without limitation: mechanical pencils, mechanical erasers, pens, pagers, beepers, digital watches, calculator or computing watches, books, pamphlets, notes, unauthorized scratch paper, rulers, highlighter pens, scan pens or scanning devices, stereos or radios with headphones, watch alarms (including those with flashing lights or alarm sounds), stopwatches, dictionaries, translators, compasses, protractors and any handheld electronic or photographic devices
- creating a disturbance—Disruptive behavior in any form will not be tolerated. The test administrator has sole discretion in determining what constitutes disruptive behavior.
- attempting to give or receive assistance—Communication in any form is not permitted during the test administration. Discussion or sharing of test content or answers during the test administration, including breaks, and after the test administration, is prohibited.
- removing or attempting to remove test content from the test center. Under no circumstances may test content or any part of the test content be removed, reproduced and/or disclosed by any means (e.g., hard copy, verbally, electronically) to any person or entity.
- tampering with a computer during a computer-based test administration
- attempting to remove scratch paper from the computer-based testing room or using scratch paper before the test, during untimed sections of the test or during breaks
- bringing a weapon or firearm into the test center
- bringing food, drinks or tobacco into the testing room
- leaving the test center vicinity during the test session or during breaks
- leaving the testing room without permission—You are not permitted to go outside the test center building unless it is to use the restroom during the test administration, including breaks.
- taking excessive or extended unscheduled breaks during the test session. Test center administrators are required to strictly monitor unscheduled breaks and report test takers who take excessive or extended breaks
- referring to, looking through or working on any test, or test section, when not authorized to do so, or working after time has been called
- failing to follow any of the test administration regulations contained in this *Bulletin*, given by the test administrator or specified in any test materials

**Note: Although computer-based and paper-based tests are administered under strict supervision and security measures, testing irregularities may sometimes occur. Please contact ETS as soon as possible after the test to report any observed irregular behavior—for example, someone copying from another test taker, taking a test for someone else, having access to test questions before the exam or using notes or unauthorized aids. All information will be held in strictest confidence.**

### Dismissal from a Test Center for Computer-based and Paper-based Tests

A test administrator is authorized to dismiss you from a test session and/or your scores may be withheld and ultimately canceled for any actions that violate the policies and procedures set forth herein and/or communicated at the test center including, but not limited to:

- attempting to take the test for someone else or having someone else take the test for you
- failing to provide acceptable identification

## On Test Day (continued)

ETS reserves the right to take all action—including, but not limited to, barring you from future testing and/or withholding or canceling your scores—for failure to comply with test administration regulations or the test administrator's directions. If your scores are canceled, they will not be reported, and your registration and test fees will not be refunded.

### Canceling Scores

At the end of the test, you will be given the option to report or cancel your scores. You cannot cancel your score for one section of the test and have the scores for the remaining sections reported. Although you have the option to cancel your scores, consider very carefully before doing so because the score reporting choices available with the *ScoreSelect* option allow you to report only the scores that you feel reflect your personal best. Your scores will be reported to GRE score recipients only at your request. If you cancel your scores, they will NOT be available for your review online or be reported to any score recipients. No refund will be made. Canceled scores are not added to your reportable history. If you wish to take the test again, you must reregister and submit another test payment.

If you view your scores at a computer-based revised General Test session, you cannot cancel them at a later date.

### Score Reinstatement

#### Fee: US\$30

Scores canceled by you can be reinstated if you mail or fax a completed Score Reinstatement Form with payment to ETS and it is received within 60 days after your test date. In addition to providing your name, date of birth and daytime phone number, you will need your test date and registration number to complete the form. The Score Reinstatement Form (PDF) can be downloaded from the GRE website at [www.ets.org/gre/reinstateform](http://www.ets.org/gre/reinstateform).

Also, you can designate up to four free score recipients on the form. If you do not select score recipients, you will have to pay US\$25 per recipient to have scores sent at a later date.

Scores will be reinstated and reported approximately two weeks after your request for the computer-based revised General Test or on the approximate score report mailing date listed on page 46 for the paper-based revised General Test or Subject Tests. Your scores will be mailed to your designated score recipients shortly thereafter.

### Absence from a Test

If you are absent from a test administration, you will forfeit your test fee. Institutions will not receive any information about your absence or about any previous score you may have on file.

## Score Reporting

### Scores Reported on the GRE revised General Test

The scores for the GRE revised General Test include:

- a Verbal Reasoning score reported on a 130–170 score scale, in one-point increments.
- a Quantitative Reasoning score reported on a 130–170 score scale, in one-point increments.
- an Analytical Writing score reported on a 0–6 score scale, in half-point increments. Descriptions of the analytical writing abilities characteristic of particular score levels are available at [www.ets.org/gre/scorelevels](http://www.ets.org/gre/scorelevels).

If no questions are answered for a specific measure (e.g., Verbal Reasoning), then you will receive a No Score (NS) for that measure.

### Scores Reported on the GRE Subject Tests

Each Subject Test yields a total score on a 200–990 score scale, in 10-point increments, although the score range for any particular Subject Test is usually smaller. Subscores are reported for the Biochemistry, Cell and Molecular Biology; Biology; and Psychology Tests on a 20–99 score scale, in one-point increments, although the range for any particular Subject Test subscore is usually smaller.

### Getting Your Scores

#### Computer-based GRE revised General Test

- You will have the option to view unofficial Verbal Reasoning and Quantitative Reasoning scores at the test center; however, because of the essay scoring process, you will not view your Analytical Writing score at that time. Test centers cannot provide printed copies of your unofficial scores.
- Approximately 10–15 days after your test date, you will receive an email notification from ETS that your official scores are available on your My GRE Account and that official score reports have been sent to your designated score recipients. You can visit your My GRE Account at [www.ets.org/mygre](http://www.ets.org/mygre) to view your scores and to print your official Examinee Score Report. Note: A paper copy of your official score report will *not* be sent to you.

You can visit your My GRE Account at [www.ets.org/mygre](http://www.ets.org/mygre) to view your scores and to print your official Examinee Score Report. Note: A paper copy of your official score report will *not* be sent to you.
- You can also obtain scores by phone when they are available. See “Scores by Phone” on page 23.

## Viewing Your Test Scores Online

- You can view your official scores online, free of charge, at [www.ets.org/mygre](http://www.ets.org/mygre).

## Reporting Your Test Scores

### Reportable History

- GRE test scores are part of your reportable history for five years after the testing year in which you tested (July 1–June 30). As of July 1, 2013, GRE scores earned July 1, 2008, to the present will be available in your reportable GRE score history.
- Scores from individuals who tested between July 1, 2007, and June 30, 2008, were purged from the GRE database in mid-June 2013.
- Scores from individuals who tested between July 1, 2008, and June 30, 2009, will be purged from the GRE database in mid-June 2014.

### ScoreSelect<sup>SM</sup> Option

With the *ScoreSelect*<sup>SM</sup> option, you can decide which test scores to send to the institutions you designate.

**On test day**, when viewing your scores at the test center\*, you can select the:

- ScoreSelect Most Recent** option—Send your scores from your current test administration (FREE).
- ScoreSelect All** option—Send your scores from all administrations in the last five years (FREE).

You can decide which option to use for each of your four free score reports.

**After test day**, you can send Additional Score Reports (see page 24) for a fee by selecting from the following:

- ScoreSelect Most Recent** option—Send your scores from your most recent test administration.
- ScoreSelect All** option—Send your scores from all administrations in the last five years.
- ScoreSelect Any** option—Send your scores from one OR many test administrations in the last five years

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests.

GRE test scores are part of your reportable history for five years after the testing year in which you tested (July 1–June 30).

For more information about the *ScoreSelect* option, visit [www.ets.org/gre/scoreselect](http://www.ets.org/gre/scoreselect).

\*If you are taking the paper-based GRE revised General Test or a GRE Subject Test, you will make your selections prior to test day.

### Computer-based GRE revised General Test

- A sample of an institution score report can be viewed at [www.ets.org/gre/institution/scorereport](http://www.ets.org/gre/institution/scorereport).
- If an institution that you have designated to receive your scores requests to see your photograph taken at the test center, ETS will send that photo or other information in ETS’s files to that institution as necessary to detect or prevent unlawful activity and to protect the integrity of the GRE test.

### If Your Name Has Changed

However, if you would like ETS to send you a copy, submit an Additional Score Report Request form and US\$25 fee to receive a copy. Note: A test taker's score report is intended only for your information and personal records.

### Sending Scores to Employers

The GRE Program is conducting a three-year pilot program (effective December 2012) designed to evaluate the use and role that GRE scores play in employment decisions. As a part of this pilot, you can request to have your GRE General Test and/or GRE Subject Test scores sent to employers for a fee of US\$25 per score recipient.

Additional Score Reports (ASRs) for employers can be ordered by mail or fax. You have the option to send scores from your *Most Recent*, *All* or *Any* specific test administration of the General Test and/or Subject Tests. You can only order a score report for tests you have already taken. Currently, scores earned on or after July 1, 2008, are available. A complete history of your score reports can be viewed on the GRE website using your My GRE Account. **Note:** ASRs to be sent to employers cannot be ordered online.

### Score Review for Analytical Writing Measure

**Fee: US\$55**

You may request a review of your Analytical Writing section up to six months after the administration. Submit the fee with your written request; include your full name, date of birth, test date, registration number, address and phone number. Mail the request to GRE-ETS, PO Box 6000, Princeton, NJ 08541-6000. Allow four weeks for the results of the review to be mailed. Note that during the review process your GRE revised General Test scores will be placed on hold; you will not be able to report your scores to designated score recipients until the review process is completed. If the score review process results in a higher or lower score, the new score will be reported.

### Paper-Based Test Hand Scoring

**Fee: US\$30**

Hand scoring for a Subject Test or the Verbal Reasoning and Quantitative Reasoning sections of the paper-based revised General Test is available up to six months after the administration. Submit the fee with your written request; include your full name, date of birth, test date, registration number, address and phone number. Mail the request to GRE-ETS, PO Box 6000, Princeton, NJ 08541-6000. If the score review process results in a higher or lower score, the new score(s) will be reported.

### Preventing Unauthorized Release of Your Scores

It is a GRE Board policy that your scores be reported only to you, to institutions of higher education granting the baccalaureate or higher degrees, to approved graduate fellowship-granting sponsors and to vendors the score recipients might designate to process the scores they receive. Score reports will be released only upon your request. ETS will not release your scores at the request of institutions or fellowship sponsors except for use in research studies that are approved by the GRE Board and that provide anonymity for the test takers and the institutions they attend.

**Note: Your score record and the documents you completed that are retained at ETS may be released to third parties, e.g., government agencies, parties to a lawsuit, if requested pursuant to a subpoena or required by applicable law.**

### GRE Diagnostic Service

If you have taken the computer-based GRE revised General Test and have received an email notification that your official scores are available in your My GRE Account, use this FREE service to view information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of your computer-based GRE revised General Test. This information includes the types of questions you answered right and wrong, the difficulty level of each question and the time spent on each question. This service will be available to you approximately 15 days after you take the test and for six months following your test administration.

### Question-and-Answer Review Service

This service allows you to review the Verbal Reasoning and Quantitative Reasoning test questions that you answered incorrectly on your computer-based revised General Test. The questions are presented with your answers and the correct answers. The service is available to individuals who test in the United States, U.S. Territories or Puerto Rico during one of the eight weeks listed below. Review sessions will be available at computer-based test centers approximately 30 days after the test date, and for up to 60 days thereafter.

July 7–13, 2013	November 10–16, 2013	April 6–12, 2014
September 8–14, 2013	December 8–14, 2013	May 11–17, 2014

You may make an appointment three days after you take your revised General Test. You will be allowed up to two hours to complete your review. To reschedule, contact the center no later than four days before your appointment. There are no refunds for this service.

### Test Takers' Background Information Data and Performance Data

Test takers' answers to background information questions and their performance data may be used in analysis samples, score interpretation data, group statistics and research studies. Test takers' essay responses may be used in ETS materials to train scorers, to help score recipients interpret scores or to help examinees prepare for the test. In each instance, all identifying information will be removed.

### ETS Review of Test Questions

ETS routinely follows extensive review and quality control procedures to detect and avoid flawed questions and consequent errors in scoring. Such procedures include independent reviews by qualified individuals, pretesting questions for the General Test, feedback from test takers after they have taken a GRE test and careful analysis of performance data on each question after it has been administered in a GRE test. Nonetheless, occasionally an error may be discovered after scores have been reported. Whenever this happens, the specific circumstances are reviewed carefully, and a decision is made about how best to take corrective action that is the most fair to all concerned.

### Cancellation of Scores by ETS

ETS strives to report scores that accurately reflect the performance of every test taker. Accordingly, ETS's standards and procedures for administering tests have two primary goals: giving test takers equivalent opportunities to demonstrate their abilities and preventing any test takers from gaining an unfair advantage over others. To promote these objectives, ETS reserves the right to cancel any test score when, in ETS's judgment, a **testing irregularity occurs**; there is an apparent **discrepancy in a test taker's identification**; the test taker engages in **misconduct or plagiarism, copying or communication occurs** or the score is **invalid** for another reason. In addition, if ETS has information that ETS considers sufficient to indicate that a test taker has engaged in any activity that affects score validity, such as

having someone else take the test for you, obtaining test questions or answers via the Internet, email, text messaging or postings, it will result in score cancellation and/or any other action ETS deems appropriate, including banning you from future tests. You must agree to these terms and conditions when you register for the test and on test day. When, for any of the above reasons, ETS cancels a test score that has already been reported, it notifies score recipients that the score has been canceled.

### Testing Irregularities

"Testing irregularities" refers to problems with the administration of a test. Testing irregularities may result from actions of test takers, test center personnel, ETS, or from natural or man-made causes. When testing irregularities occur, they may affect an individual or groups of test takers. Such problems include, without limitation, administrative errors (such as improper timing, improper seating, defective materials [e.g., improper test forms], and defective equipment); improper access to test content; and other disruptions of test administrations (such as natural disasters or other emergencies). When testing irregularities occur, ETS may decline to score the test or cancel the test score. When, in ETS's judgment it is appropriate to do so, ETS gives affected test takers the opportunity to take the test again as soon as possible without charge.

### Identification Discrepancies

When, in ETS's judgment or the judgment of test center administrators, there is a discrepancy in a test taker's identification, the test taker may be dismissed from the test center. In addition, ETS may decline to score the test or cancel the test score if the documents or photos from the test day cannot be validated or if ETS has evidence that you did not appear for the test.

### Misconduct

When ETS or test center administrators find that there is misconduct in connection with a test, the test taker may be dismissed from the test center or ETS may decline to score the test or may cancel the test score. Misconduct includes, but is not limited to, noncompliance with the "Test Center Procedures and Regulations" listed on pages 19–22.

Test takers whose scores are canceled will forfeit their test fees and must pay to take the entire GRE test again at a future administration. No record of score cancellations, or the reason for cancellation, will appear on their future score reports sent to colleges, universities and/or fellowship sponsors.

### Invalid Scores

ETS may also cancel scores if, in its judgment, there is substantial evidence that they are invalid for any other reason. Substantial evidence means evidence that is sufficient to persuade a reasonable person; the substantial evidence standard is lower (i.e., requires less proof) than the reasonable doubt, clear and convincing, and preponderance of the evidence standards. Evidence of invalid scores may include, without limitation, discrepant handwriting, unusual answer patterns and inconsistent performance on different parts of the test. Before canceling scores pursuant to this paragraph, ETS notifies the test taker in writing about its concerns, gives the test taker an opportunity to submit information that addresses ETS's concerns, considers any such information submitted and offers the test taker a choice of options. The options may include voluntary

score cancellation, a free retest or arbitration in accordance with ETS's standard Arbitration Agreement. In addition, the test taker is sent a copy of a booklet, *Why and How Educational Testing Service Questions Test Scores*, which explains this process in greater detail. (This booklet is available to any test taker at any time on request.)

**Note: The retest option is available only to test takers in the United States and Canada. The arbitration option is available only for tests administered in the United States.**

Your essay responses on the Analytical Writing section will be reviewed by ETS essay-similarity-detection software and by experienced essay readers during the scoring process. In light of the high value placed on independent intellectual activity within graduate schools and universities, ETS reserves the right to cancel test scores of any test taker when an essay response includes any of the following:

- text that is unusually similar to that found in one or more other GRE essay responses;
- quoting or paraphrasing, without attribution, language that appears in published or unpublished sources;
- unacknowledged use of work that has been produced through collaboration with others without citation of the contribution of others;
- essays submitted as work of the test taker that appear to have been borrowed in whole or in part from elsewhere or prepared by another person.

When one or more of the above circumstances occurs, ETS may conclude, in its professional judgment, that the essay response does not reflect the independent writing skills that this test seeks to measure. When ETS reaches that conclusion, it cancels the Analytical Writing score, and because Analytical Writing scores are an integral part of the GRE General Test scores, those scores are canceled as well.

### Test Fairness and Score Use

ETS and the GRE Program have taken steps to ensure, to the fullest extent possible, that tests and test scores are fair for all test takers, regardless of group membership. In addition, the GRE Board has developed guidelines for the use of GRE scores, which summarize the considerations for appropriate use of the scores and encourage institutions to use GRE scores appropriately. For information about test fairness and appropriate use of GRE scores, visit [www.ets.org/gre/greguidelines](http://www.ets.org/gre/greguidelines).

# Show Schools Your Personal Best!

With the *ScoreSelect*<sup>SM</sup> option, you decide which scores to send

Whether you're taking a GRE® test for the first time or retaking it, the *ScoreSelect*<sup>SM</sup> option helps you approach test day with confidence because it lets **you decide** which scores to send to the schools you designate. And, you can make that decision at the test center *on* test day\* or online<sup>†</sup> anytime *after* test day.

## Here's how the *ScoreSelect* option works:

### On Test Day

When viewing your scores at the test center, you can choose not to send your scores at this time OR you can select either option below for each of your four FREE score reports:

**Most Recent** option — Send your scores from your current test administration.

**All** option — Send your scores from all test administrations in the last five years.

### After Test Day

You can go online to send additional score reports for a fee and select from these options for each report you'd like to send:

**Most Recent** option — Send your scores from your most recent test administration.

**All** option — Send your scores from all test administrations in the last five years.

**Any** option — Send your scores from one OR many test administrations in the last five years.

### No matter when you make your GRE score-sending selections, know that:

- whether you choose the *Most Recent*, *All* or *Any* option, you will select specific test administration dates so your scores are all from the same testing session.
- the schools you designate will receive score reports that show only the scores that you selected to send them. There will be no special indication if you have taken additional GRE tests.

Learn more about sending your GRE scores inside this *Bulletin* or at [ets.org/gre/scoreselect](https://ets.org/gre/scoreselect).

\* If you are taking the paper-based GRE® revised General Test or a GRE® Subject Test, you will make your selections prior to test day when registering for the test.

† Phone, fax and mail order options are also available after test day, but are limited. See inside for details.
