

TOEIC® LISTENING AND READING TEST

Propell™ Teacher Workshop

for the TOEIC® Listening and Reading Test

English-Language Learning

Build a foundation for successful teaching and learning

The *Propell™* Teacher Workshop, led by an accomplished trainer, is an interactive, classroom-oriented learning experience that helps educators prepare test takers for success on the TOEIC® Listening and Reading test and in the workplace. This comprehensive professional development program also enables English-language schools to expand their business through increased student enrollment.

WORKSHOP COMPONENTS:

Workshop Manual This comprehensive guide includes a description of the test, learning objectives and strategies, and an explanation of TOEIC Listening and Reading scoring descriptors.

Activity Books These books, one for Listening and one for Reading, provide examples of how a teacher can structure lessons and include sample handout materials.

Practice Test Books These publications feature authentic TOEIC questions for both Listening and Reading and include a listening transcript with correct answers indicated.

Audio CD The audio CD contains authentic audio portions of the practice tests and classroom activities.

Score Descriptors These quick reference guides provide descriptions of performance levels for each skill.

Certificate of Workshop Completion Each participant is presented with a certificate upon completion of the workshop.

To register for a workshop, please contact your local ETS Preferred Network office or visit www.ets.org/toEIC/propell.html.
